

# Smart Construction Groupware 2026.4.7 (Scheduled) Release Notes

---

- The Smart Construction Groupware update will be released on the following schedule and with the following details.

**Release Date: April 7 (Tue) (Scheduled), JST 19:00 - 22:00**

NO.	Feature	Summary	Details
1	Job Site Settings	Feature improvement. Changed from separate tab display to modal display.	As described.
2	Job Site Settings	Bug fix. After disabling the public sharing feature and re-checking, it was displayed as enabled. This has been fixed. *The feature itself was in a disabled state.	As described.
3	Folder/File List	Bug fix. Entering 100 characters for a file name caused an error. Changed the limit to 100 characters including the file extension.	As described.
4	Favorites	Feature improvement. Changed the detail tab item from "Original Location" to "Save Location".	As described.
5	Favorites	Feature improvement. Hidden the "Details Tab" and "Members Tab" displayed when right-clicking a job site/group card. Hidden the "Members Tab" displayed when selecting a file.	As described.
6	Favorites	Feature improvement. Performance improvements were implemented.	As described.

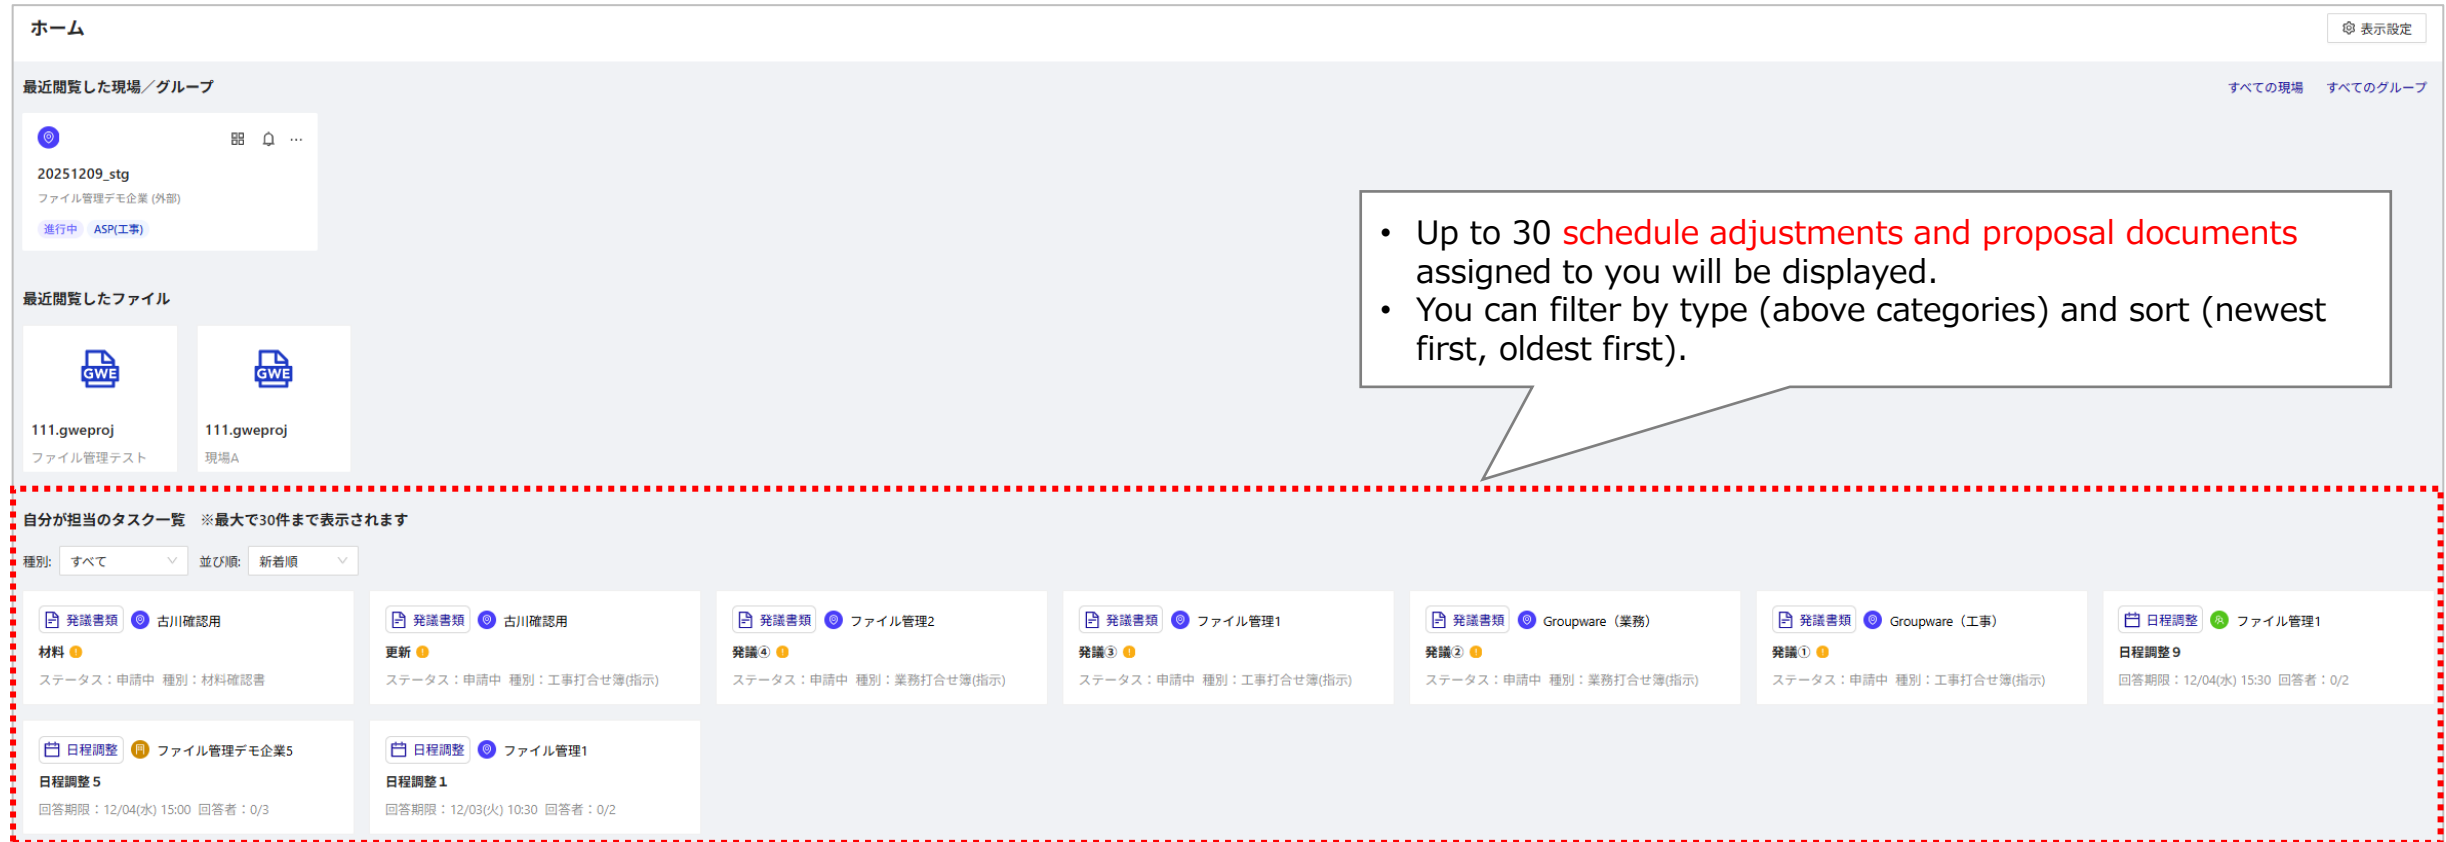

- The Smart Construction Groupware update will be released on the following schedule and with the following details.

**Release Date: April 7 (Tue) (Scheduled), JST 19:00 - 22:00**

NO.	Feature	Summary	Details

12	Video Call	<b>Bug fix.</b> <b>Fixed an issue where participants were not displayed in the participants section in some cases.</b>	As described.

## No7

- Consolidated "Requested Schedule Adjustments" and "Requested Proposal Documents" into "My Assigned Task List" items.

The screenshot shows the user interface for 'My Assigned Task List'. The interface includes a header with 'ホーム' and a '表示設定' button. Below the header, there are sections for '最近閲覧した現場/グループ' and '最近閲覧したファイル'. The main section is '自分が担当のタスク一覧 ※最大で30件まで表示されます'. It features a filter for '種別' (Type) set to 'すべて' and a sort order of '新着順'. The task list contains several items, each with a category icon, a title, and a status. A callout box highlights the task list with the following text:

- Up to 30 **schedule adjustments and proposal documents** assigned to you will be displayed.
- You can filter by type (above categories) and sort (newest first, oldest first).

## No9

- Comprehensively redesigned the UI of job site, group, and corporate group
